COMMUNITY ACTIVITIES

EXTENSION OF NFT LEVEL PROMOTION

The NFT level promotion in the course of the migration from V1.5 to V2.0 was **extended by 30 days!** This means you can take advantage of this one month longer to earn direct commissions across 25 levels through NFT sales in the **GYMSTREET METAVERSE.**

By the way !

New members can also use the advantages! All they need to do is fulfill the rank qualification for level 10 (VAULT + FARM + SINGLE POOL). The only exception: *This advantage cannot be combined with the Rockstar Ranks.*

In addition !

The transfer conditions to maintain your rank and the Rockstar Rank for new members will also be extended by one month.

As a reminder !

With the help of the Rockstar Ranks, **new affiliates can secure ranks 10, 23, 24 at discounted rates!** They only need to purchase the Rockstar Rank in the dashboard within 30 days (*currently extended*) after their first registration to secure the discounted conditions.

PLATFORM EXTENSION

TROUBLESHOOTING

The dev team has been working at full speed to eliminate the last existing bugs. These bugs have been eliminated this week:

DYNAMIC COMPRESSION FOR COMMISSIONS

The allocation of the direct commissions from land and miner NFT sales will be changed to dynamic compression. This means that all NFT sales commissions that cannot be allocated due to lack of qualification will be passed on to the next higher partner within the team structure who has the corresponding rank qualification. This can drastically increase your earnings, as you get the difference of all team members in your structure who have a lower rank than you!

DASHBOARD TRANSLATIONS NOW AVAILABLE

The Gym Network Dashboard is now available in these languages:

Japanese

Korean

Thai

Chinese

You can change the language using the selection menu at the top right.

The screenshot shows the Gym Network Dashboard interface. At the top right, there is a language selection menu with a dropdown arrow. The menu is open, showing options for EN, JA, KO, TH, and ZH. A red arrow points to the EN option, which is currently selected. The dashboard content is in English, showing a 'Dashboard' header, a 'CERTIK AUDITED' badge, and a 'PeckShield AUDITED' badge. The main content area displays a message for old community members and two token addresses with 'Add To Wallet' buttons. The right sidebar shows a 'Connect Wallet' button and a balance display for BNE.
